## Learning to resolve problems

We have been learning how to be  
ACTIVE LISTENERS.

List 3 things you do to be an active listener.

- 1.
- 2.
- 3.

"I Statements" tell people how you feel, this is another important skill for us all to use.

SAY:

*I feel*

(state the feeling)

*When*

(state the behaviour)

*Because*

(state the consequences)

*I would like/need*

(state the action, may be helpful)

Make some role plays of you using the "I Statements" to share with the class on Friday.

Please return to school on Friday 12th June Parent/Guardian\_\_\_\_\_

64	65	66	67	68	69	70	71	72

Roll three dice. Suppose you got the numbers 2, 4, and 6. Use the numbers you got to make as many possible answers as you can.

$$\text{i.e. } 2 + 4 + 6 = 12$$

$$2 \times 6 + 4 = 16$$

$$26 + 4 = 30$$

**Colour** the numbers you made and write down how you made each number in your book.

When you have coloured as many numbers as you can, roll the dice again. This time use a different colour.

See how many rolls you must have to colour in every number.

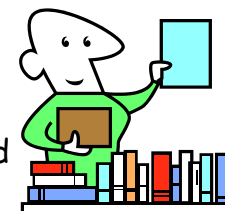

Are there any numbers you can't get?

**If you do not have 3 dice you could make a spinner with 6 numbers on it.**
